

IVCJ's REFs and Infrastructure Forum 2008
23rd – 26th September 2008

Furnishing an ideal platform for all the right stakeholders

Dilapidated infrastructure is already ringing the warning bells over the growth of an India 'on the move'. In order to sustain a steady long-term growth rate, the country can no longer afford to ignore the rickety state of its infrastructure. Having realised the need of an effective infrastructure like never before, the policymakers have succeeded in propelling the domestic infrastructure sector into the limelight.

Supported by a growing economy, favourable demographics and liberalised foreign direct investment (FDI) regime, the Indian real estate sector is also enjoying its position as the cynosure of all eyes. While these industries house opportunities, they are not devoid of competition. In such a scenario, the recipe of success lies in leveraging experience, in-depth understanding of the current state of the market and networking. However, with IVCJ, the largest PE forum in India, as a guide, churning profits out of prospects is not a distant dream.

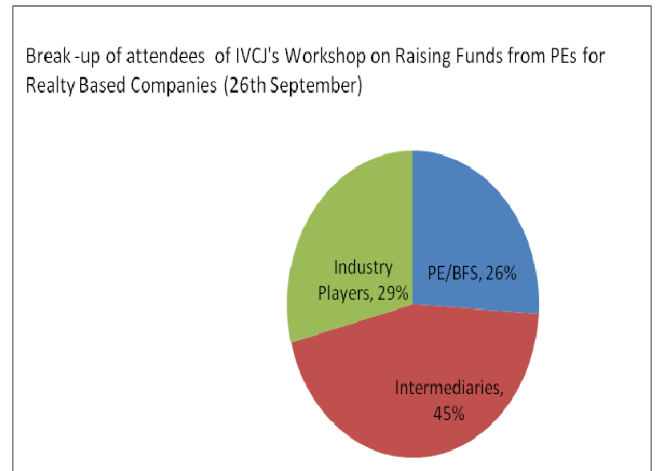

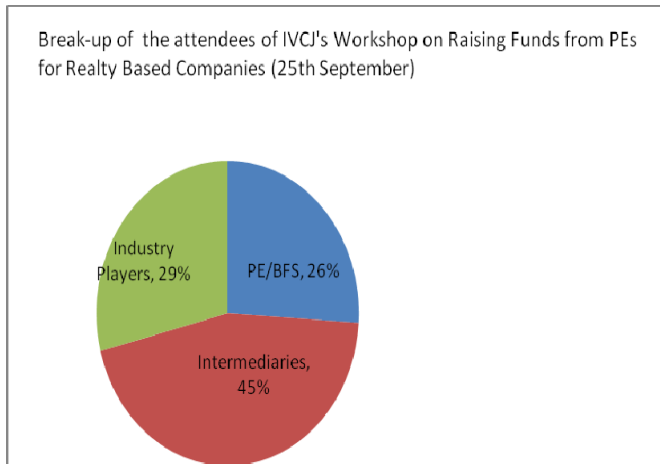

After presenting several successful events on Real Estate Funds (REFs) and Private Equity and Infrastructure (http://www.vcindia.com/conf_past-conf.asp) over the last 2 years, IVCJ now has to its credit, another meaningful and un-missable 4 day event – **IVCJ's REFs and Infrastructure Forum 2008**. This 4-day event was held at **Taj Lands End (23rd & 24th September 2008)** and **J W Marriott (25th & 26th September 2008)**, in **Mumbai**. The conferences and workshops were aimed at undrapping the latest issues and concerns affecting the Real Estate and Infrastructure investment scenarios in India. They also focussed on Raising Funds from PEs for Realty Based Companies and Legal De-risking strategies for Developers and Real Estate Fund Managers. An established platform since 2006, IVCJ understands your requirements like no one else. As a result, these knowledge-disseminating events featured 65 eminent speakers, across 20 panels. Further, these well-

The conferences and workshops were aimed at undrapping the latest issues and concerns affecting the Real Estate and Infrastructure investment scenarios in India. They also focussed on Raising Funds from PEs for Realty Based Companies and Legal De-risking strategies for Developers and Real Estate Fund Managers. An established platform since

2006, IVCJ understands your requirements like no one else. As a result, these knowledge-disseminating events featured 65 eminent speakers, across 20 panels. Further, these well-

planned events also offered 16 valuable hours of networking time. Much as IVCJ's remaining conferences, this power packed event witnessed as many as 131 attendees.

The happenings of the first two days of the conference are captured in a set of DVDs, which will shortly be made available. Visit www.vcindia.com to purchase it.
